DAILY LEADER. THE ST. ALBANS RAIDERS.

Terrible Wrath of the Secesh Organ it Montreal-It Charges a Conspiracy on the Part of the Canadian Excenutive to Deliver up the St. Albans Eniders to the United states.

Th following telegram from Montrea was recived on Saturday evening, but was crowded out by the pressure of later and more important telegraphic matter. It gives an entire article from the leading secesh organ of Montreal, charging that the Canadian executive is making an arrangement to take the St. Albans raiders before a Toronto court, where they can obtain a hearing before judges less bitterly partizen in their hatred of the United States. Of course the secessionists in Canada are terribly indignant at this step. We want no other proof its rightfulness than this very was recived on Saturday evening, but was other proof its rightfulness than this very fact.

MONTHEAL, April 1.

Bouthern refugees and their sympathizers are having a lively time hereto-day. Their leading organ has issued the fellowing extra, and they are circulating it throughout the other circulating it throughout the circulating it is circulating it is circu

INFAMOUS CONSPIRACE OF THE PROVINCIAL EXECUTIVE FOR THE EXPLAPATION OF THE ST. ALBANS' RAIDERS.—By one of those extraordinary interventions by which persons frequently defeat or reveal great crimes, we have been placed in possession of incontrovertible evidence of the intention of the Provincial Executive to commit an infamy unknown to modern times, and of the means by which it is bound to accomplish it as by which it is hoped to accomplish it. As-tonishing and almost incredible as is the statement we are about to make, we not ony pledge ourselves to it, but challenge the

ly pledge curselves to it, but challenge the Executive to deny it.

It will be remembered that the charge against the St. Albans raiders, disposed of by Judge Smith, was only one of several, but the fudgment of the court, declaring the accused to be lawful belligerents engaged in an set of war not cognizable by the tribunals of a neutral state, virtually disposes of all the charges which arise out of the St. Albans' raids. Albana' raids

The accused were remanded until to-day for the purpose of the prosecution proceeding with, or abandoning the other charges, ing with, or abandoning the other charges, among which is one of murder. They were also arreated on a warrant charging them with a breach of neutrality, and on this they were formally remanded for examination until Wednesday next. The government are probably aware that there is little prospect of obtaining a conviction on this accusation, for, as Judge Smith remarked in his judgment, there is no evidence of a breach of neutrality having been committed. Having failed to obtain the extradition of the accused by legal means before an impartial tribunal, they have determined to attempt it by a conspiracy termined to attempt it by a conspiracy which the designation "infamous" is too

which the designation "infamous" is too mild to qualify.

Last evening Mr. Cartier dispatched Mr. Schiller from this city for Toronto, with instructions to there obtain the assistance of Mr. Harrison, the barrister, and to proceed with him to St. Catherines and there obtain, by any meens and at all herards, a warrant from some local magistrate for the arrest of the St. Albans raiders, now confined here on a charge of violation of neutrality, and on a charge of violation of neutrality, and to return this warrant to Montreel as rapid-

is as possible.

In obtaining this warrant, we presume Mr. Schiller will make any little shidavit necessary. The warrant is to include the name of C. Clay, although it is a notorious fact that he left the province some weeks ago. When the case of the St. Albans reiders comes up this morning, it has been arranged that the presention will decline to proceed on the other charges, so that the prisoners may be remanded without bail or the benefit of Habasa Corpus upout ball or the benefit of Habeas Corpus un-til Wednesday next. By that time it is expected the St. Catherines' warrant will have arrived. The charge for breach of neu-trality here will be withdrawn, and the accused, arrested under the substituted au-

thority, will be secretly removed to St.Cathcrines. The charge of a breach of neutrality there will fail. There is no ovidence,
and there will be no effort made to procure
any. Neither do the instructions of Mr.
Schiller or Mr. Harrison as much as hint at
evidence or witnesses. But the moment
that he accused are discharged they will
be re-arrested on a demand for extradition
on the charge now pending, and abandoned
against them here, and they will be carried
for examination and committed burley, and
who are considered to be so far committed
who are considered to be so far committed who are considered to be so far committed by their ruling in this that they will obey with alacrity the orders of the Government.

The St. Catharines warrant is, in fact, the BIOR STREET, CLEVELAND, O. sunving contrivance by which the adjudication of the remainder of the charges against the raiders is to be transferred from a pure to a corrupt tribunal, and from a judge who refused to be the tool of a foreign onemy at the dictation of the executive, to judges willing to pollute the judicial ermine by such subservience, and to prostitute their office by viler conduct then has been witnessed on the British bench since the days of Jeffreys. Whether the timely discovery and exposure of this most infamous and damnable plot will prevent its being carried out in its entirety, we know not, but such is the conspiracy that the Executive of Canada is now engaged in, and such the means they are taking to effect the cowardly and cruel end they have in view.

The murder of these unfortunate young men delegated for so fall with with a the constant of these unfortunate young men delegated for so fall with the basis of the constant of the cons

men, declared free of all guilt by the tribu-mals here, before which they have had so long, so patient, and so therough an examlong, so patient, and so therough an examination, and such an outrage upon justice, such a piece of superlistive and reckless wickedness, such a trampling in the mire of the henor and good name of the country, can be attributed to nothing short of madness, which requires and should receive restraint. It is the duty of the people of this city to prevent its perpetration, if possible, at any cost, or, if that fails, it will be their duty to punish it. If they fall in these regards, the insocent blood, which their rulers are plotting to shed, will be on their heads and on those of their children forever—a triple curie of Cain.

There is a laugh in the green rooms of the New York theatres about Mrs. John Woed and her parrot. It was a valued pet, could whistle and swear and be constantly gay, but, like its mistress, was capricious, and so one day flew away. She advertised it, and was besieged by people with parrots; many were gentlemanlike men who were as strange to her as the parrots they brought, and it was a long while and only after entertaining a crowd of visitors, that she discovered poor Poll and been made an excuse to visit ber pretty house and obtain an interview with the Thalia whose life, from all accounts,

is as brilliant and exclusive off the stage as her acting is fascinating upon it. Count Joannes appeared in court in New York on Thursday last, and obtained judgment by default against Stephen R. Fisher, of the New York Leader, for \$25,000. It is said be has lorgiven Horace Greeley for the injury the Tribune has done him, and has also forgiven Mr. Fisher, and only wants to get enough from him to pay his-expenses in vindicating his character.

The St. Louis heiress, Miss Kitterer, who a short time since was spirited away from St. Louis, has been found in Chicago. Her guardian wished her to take the well in the Ursuline Convent, but she refuses, as she inherits \$50,000.

The foreign emigration to the United States opens briskly this spring. The early arrivals from Ireland, &c., indicate a very large movement through the present sesson. The steamships Virginia and City of Manchester arrived last night and this morning with ubout 1,100 emigrant passengers.-N. Y. Times, March 30.
